

*Overview:*

National Retail Properties (NYSE: NNN), a real estate investment trust, invests in single tenant net-leased retail properties throughout the United States.

NNN has generated consistent returns for more than a decade supported by its strong dividend yield and 28 consecutive years of increased annual dividends. Its average annual total return for the past 25 years has been 13.5%.

NNN maintains a conservatively managed, diversified real estate portfolio with properties subject to long-term, net leases with established tenants. Its 2,675 properties are located in 48 states with a total gross leasable area of approximately 28.1 million square feet. Current occupancy is 99.3% and these properties are leased to more than 400 tenants in 38 industry classifications. A net lease shifts property operating expenses (i.e., maintenance, taxes, insurance and utilities) to the tenant, so the rental revenue NNN receives has significantly fewer expenses and more stable net cash flow.

NNN is one of 88 publicly traded companies in America to have increased annual dividends for 28 or more consecutive years.
